PROFESSIONAL SUMMARY

Aspiring Junior Data Analyst and final-year Diploma in ICT student specializing in data analysis, business intelligence, and data-driven decision-making. Proficient in Python, SQL, Excel, and Power BI, with hands-on experience in data collection, compilation, manipulation, interpretation, descriptive and exploratory analysis, trend analysis, and dashboard development. Certified across multiple IBM Skills Build and Oracle platforms and a recognized participant in the FNB App of the Year Awards Academy.

Demonstrated ability to collate and analyze data using established tools, methods, and formats to generate business insights, support reporting, and contribute to the continuous improvement of data and analytics processes. Experienced in applying forecasting techniques and identifying patterns across datasets to support strategic decision-making. Committed to building capabilities in machine learning, predictive analytics, statistical analysis, and data architecture to grow into a well-rounded data analyst.

KEY SKILLS

- Data Analysis, Data Collection & Data Compilation — Python, SQL, Excel
- Data Interpretation, Data Exploration & Exploratory Data Analysis
- Trend Analysis, Forecasting & Pattern Identification
- Business Intelligence & Dashboard Development — Oracle Analytics Cloud, Power BI
- Data Management, Data Controls & Data Cleaning
- Data Architecture — Cloud Database Design, IBM Cloud, structured data modelling
- Statistical Analysis & Predictive Analytics (foundational — IBM Skills Build, Apache Spark)
- Business Requirements Analysis, Workflow Analysis & Stakeholder Communication
- Machine Learning — foundational model building and statistical analysis methods
- Computer Literacy — Jupyter Notebook, VS Code, Git, Figma
- Action Planning, Executing Plans, Drives Results, Manages Complexity

PROFESSIONAL EXPERIENCE

- Data Analysis & Dashboard Project — Sol Plaatje University, ICT Diploma Coursework
- Tutorial Booking System — Sol Plaatje University
- Legal Assistance Booking App — Sol Plaatje University
- Sanitary Services Donation Platform — Social Impact Project
- FNB App of the Year Awards — Academy Participant

EDUCATION

- Sol Plaatje University — Diploma in Information and Communication Technology (ICT), 2023–Present
- Bainsvlei Combined School — National Senior Certificate (Matric), 2019

CERTIFICATIONS & TRAINING

- FNB App of the Year Awards
- Oracle Analytics Cloud | Oracle
- Cloud Database Fundamentals
- Data Certificate | IBM Skills Build
- e-Certificate | IBM Skills Build
- Python 101 for Data Science
- IBM First Certificate | IBM Skills Build
- Spark Fundamentals I | IBM Big Data University
